Governor

Dee Freeman
Secretary

March 9, 2011

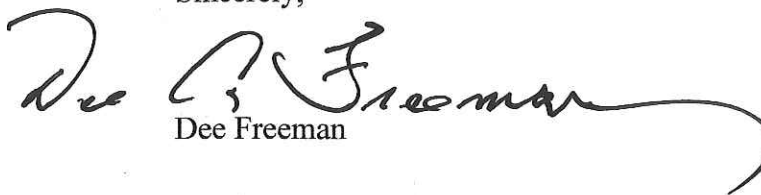

Mr. Dale Reynolds, President
North Carolina Professional Carwash Association
PO Box 488
Roxboro, NC 27573

Dear Mr. Reynolds:

The Department of Environment and Natural Resources has reviewed the North Carolina Professional Carwash Association's Water Conservation Certification Program. DENR has determined that the program meets the requirements of G.S. 143-355.2(h1) and will achieve a reduction in water use of 20 percent or more per vehicle.

I commend the N.C. Professional Carwash Association for developing this program to promote the efficient year around use of water. The efficient use of North Carolina's water resources is key to providing the long-term needs of a growing population and economy.

Sincerely,

Dee Freeman
